45.1.1 In order to safeguard the technical and administrative authority of each National Federation in regulating and promoting the practice of Volleyball according to the principles of equality, fair play and fair competition in its country, the approval of International Transfer Certificates (ITCs) will be based on the following principles:

a) National Federations (NFs) may organize, with the approval of the FIVB, their own professional Leagues and authorize their players to play in a local or foreign professional League recognised by the FIVB.

b) NFs are competent to determine, in accordance with the FIVB Regulations, the composition of all affiliated clubs participating in their recognized National Leagues.
c) National Leagues are in principle composed of clubs with players whose Federation of Origin is the same as that of the club. National Leagues shall operate in accordance with the decisions made by their NF.

d) NFs may allow their affiliated clubs to register an unlimited number of players from another Federation of Origin on condition that they possess an ITC approved by FIVB.

e) Individual contractual terms between clubs and players are not mandatory to the FIVB or the respective NFs. It is recommended that the contractual terms between clubs and players are registered with the FIVB, the Confederation(s) or the competent NF(s) in order to facilitate the procedure in case of a dispute. In any event, all Volleyball teams and players registered by a club with its NF must play in accordance with, and be subject to, the NF, Confederation and FIVB Regulations.

45.1.2 Rights of the NFs

NFs have the right to protect the integrity of their affiliated players and clubs and determine the procedure for the national transfer of players. They may establish national regulations for the transfer of players to foreign clubs, provided that such rules are supplementary to and not against the provisions of the FIVB Sports Regulations. In the event of discrepancy, the FIVB Sports Regulations shall prevail.

45.1.3 Rules for international transfers

Players and clubs must abide by the rules of their NFs for national transfers and by the FIVB Regulations for all international transfers.

45.1.4 Players subject to transfer procedure

These Regulations apply to all international transfers of players who are either licensed by or members of an NF affiliated to the FIVB.

45.1.5 Compulsory transfer formalities

The transfer procedure laid down in this Chapter is compulsory and applicable to all international transfers.

45.2 FEES

45.2.1 Administration fee to FIVB

a) The Receiving Club shall pay an administration fee to the FIVB for the international transfer of a player.

b) For the scale of administration fees, refer to the Appendix to the FIVB Financial Regulations.

c) Parties claiming that their transfer is subject to payment of a reduced administration fee shall bear the burden of proving to the
FIVB that the respective conditions of the FIVB Financial and Sports Regulations are met.

45.2.2 Transfer fees

For the transfer fees payable to a player’s Federation of Origin and Club of Origin (if any) refer to Article 45.3.3 below.

45.2.3 Bilateral transfer agreements

a) Two (2) NFs may reach an agreement under which transfers of players from one NF to the other will not require payment of a transfer fee to the player’s Federation of Origin and Club of Origin. For the avoidance of doubt, the administration fee payable to the FIVB (or to the respective Confederation) and the ITC procedure cannot be waived by an agreement between NFs.

b) A bilateral agreement enters into force only after written approval by the FIVB.

c) Each NF may not conclude more than three (3) bilateral agreements.

45.2.4 In the event of a Change of Federation of Origin as a special case, refer to Article 44.4.2.

45.3 TRANSFER PROCEDURE

An International Transfer Certificate system (hereinafter “ITC system”) is in place on the FIVB website and is only accessible to the FIVB, Confederations, National Federations, Clubs and Players, through a password provided by the FIVB. The following procedure shall be strictly applied to the international transfers of players:

45.3.1 A club (hereinafter "Receiving Club") interested in a player with a different Federation of Origin

a) informs its own NF (hereinafter “Receiving Federation”) of the name, age, address and Federation of Origin of the player, and

b) requests permission from the Receiving Federation to proceed with the transfer.

45.3.2 The Receiving Federation verifies if the Receiving Club complies with its statutes and meets the requirements established by the FIVB and, if it does not find any impediment, confirms its agreement in the ITC system.

45.3.3 The Receiving Club negotiates the financial and transfer conditions for the transfer of the player with his Federation of Origin and, if the player is under contract with his current club beyond the scheduled transfer date (hereinafter “Club of Origin” – see also 45.3.8.2 for young players), also with his Club of Origin.
45.3.3.1 Upon request by the player, the FIVB may approve the ITC without the consent of the Federation of Origin in the event that the latter does not negotiate with the Receiving Club. The FIVB may require the payment of a transfer fee in favour of the Federation of Origin.

45.3.3.2 The FIVB (or a Confederation, within its jurisdiction) may limit the amount payable for transfer fees to the Federation and Club of Origin.

45.3.4 Once all the involved parties (including the player) have confirmed their agreement in the ITC system and the electronic template for transfer certificates has been completed, the Receiving Club pays the applicable administration fee to the FIVB.

45.3.5 After all data has been verified by the FIVB Transfer Department and the receipt of the administration fee in the account has been confirmed by the FIVB Finance Department, the FIVB registers the ITC number in the same electronic template and delivers the ITC authorizing the transfer of the player.

45.3.6 The FIVB generates the ITC and sends a copy of it, in PDF format, to:
   a) The Receiving Confederation,
   b) The National Federations (of Origin and Receiving),
   c) The Clubs (of Origin, if any, and Receiving), and
   d) The Confederation of Origin.

45.3.7 Immediately upon receipt of the PDF with the ITC duly completed, the player may be registered by the Receiving Federation and Confederation.

45.3.8 Special provisions for young players;

45.3.8.1 Transfer of minors
   a) International transfer of players is not allowed before the 1st of January of the calendar year during which they turn 18. In exceptional cases the FIVB may authorise the transfer if the interested parties establish that the transfer has no links to volleyball (e.g. family relocation due to parents' change of workplace).
b) No administration fee shall be paid to FIVB for transfers authorised under paragraph (a) above. In case the parties involved cannot agree on the transfer fee to be paid to the Club / Federation of Origin, the FIVB will determine the amount of the fee after studying the positions of the parties.

45.3.8.2 Club of Origin

a) In the event that a player

• wishes to transfer internationally during any of the first three (3) seasons for which he would not be considered a minor under Article 45.3.8.1 above, and

• his transfer would not include a Club of Origin as a result of the player’s refusal to sign a contract with a club in his Federation of Origin,

the Receiving Club shall pay to the Federation of Origin an additional amount as training compensation. In case the parties are unable to agree on an amount, the FIVB will determine the amount based on the contributions made in the development of the player and his level of play. National Federations shall enact regulations providing for the distribution of the training compensation to the clubs that developed the player, if any. In all other aspects, such transfer is governed by Article 45.3.

45.4 INFORMATION ON THE ITC

The following information shall be included in the ITC:
- the player’s full name and sex;
- date of birth;
- current citizenship;
- passport number and country of issue;
- Federation of Origin;
- Club of Origin (if any);
- Receiving Federation and Club;
- Former national team (for naturalized players);
- Player’s release for duty for his/her national team (10 days prior to the beginning of the FIVB, World or Official Competition);
- duration of transfer, and
- approval by the player, his Club of Origin (if any), the Receiving Club and both National Federations.

45.5 DURATION OF TRANSFER

45.5.1 Mention of the duration

45.5.1.1 The National Team period is from 16 May to 15 October and the National League season is from 16 October to 15 May.

45.5.1.2 The duration of the transfer may extend to maximum one National League season. The starting and ending date of the transfer must be indicated on the ITC. However, if the starting and ending dates of the transfer are not included on the
certificate, it will finish on the last day (i.e. 15 May) of the National League season for which the ITC was approved.

45.5.1.3 National Leagues and Clubs are obliged to respect the conditions established in the ITC.

45.5.1.4 All Clubs are obliged to release players under FIVB ITC to play with their respective National Team during the National Team period.

45.5.1.5 ITCs, regardless of the transfer period stated, may not be approved and in any event are not valid during the National Team period. For logistical reasons, however, a transfer procedure may be initiated on the ITC system as of 15 September. In any event, no transfer can be authorised prior to 16 October.

45.5.2 Enforcement of transfer for the whole transfer period

Unless otherwise agreed on the ITC, the Federation of Origin may not reclaim the player before the end of the transfer period. Following the end of the transfer period the player is automatically free to play for another club, subject to the provisions of these Regulations.

45.5.3 Duties of the Receiving Club and Federation

a) The Receiving Club and Federation may not prolong the player’s license to enable him to play longer than the duration of the transfer period.

b) In the event of non-compliance with paragraph (a) above, the FIVB may impose sanctions on the player and/or the Receiving Club and/or the Receiving Federation and League.

45.5.4 Return to the Federation of Origin

When the transfer period expires, the player’s license automatically returns to his Federation of Origin. All players registering an ITC with FIVB shall be deemed released from their Receiving Club at the end of the transfer season established in the certificate unless the FIVB decides otherwise due to exceptional circumstances (e.g. prolonged competition period due to event cancellation etc).

45.5.6 New transfer after the transfer period

A new ITC is always required at the end of the transfer period, unless the player returns to play for a club in his Federation of Origin. A new ITC is required also in the event that the player wishes to continue playing at the same Receiving Club or at a different club of the same Receiving Federation after the initial transfer period has finished. In any event, the restrictions of Article 45.5.1 with respect to the National Team period apply.
45.5.7 New transfer within the transfer period

Should the contractual relationship between Receiving Club and player end during the Transfer period, the FIVB must receive a release letter signed by both parties (Receiving Club and player) indicating the date of the termination. Only after receipt of this documentation may the player be permitted a new international transfer (in case of dispute or if otherwise stipulated in the player’s contract, refer to Article 45.10.1).

45.6 CHANGE OF RESIDENCE

45.6.1 The change of a player’s residence to another country, whether voluntary or not, still requires the player, the Receiving Federation and the Receiving Club to follow the established transfer procedures as set out in these Regulations.

45.6.2 Players who have citizenship problems or have completed two (2) years’ proven inactivity may be allowed to play in national and/or international competitions under the FIVB umbrella with club teams of their new country of residence before they obtain the citizenship of their new country and/or satisfy other legal requirements. In such cases, the FIVB shall act as the player’s Federation of Origin for the purposes of the transfer.

45.7 VALIDITY OF TRANSFER AND TRANSFER VIOLATIONS

45.7.1 Validity

A transfer is only valid when:

a) the ITC has been issued in compliance with these Regulations; and

b) the Receiving Federation is up to date in its financial obligations towards the FIVB; and

c) there is no prior application for ITC in process of approval or another ITC in effect for the same player.

45.7.2 Lack of ITC

A player who plays outside his Federation of Origin without a valid ITC shall be suspended for a period of up to one (1) year.

Control Committees of Volleyball tournaments, including Continental competitions, shall carefully examine the transfer certificates of foreign players on a club team and notify the FIVB in case of violation or unclear situation.

45.7.3 Further consequences in cases of violation
Sanctions may also be applied to those NFs and clubs which have violated the established transfer procedure, or have not fulfilled the conditions agreed upon in the ITC.

(see also Article 1.4.4 of the FIVB Financial Regulations and Article 14 of the FIVB Disciplinary Regulations)

45.8 NATIONAL LAW

45.8.1 Local decisions

Decisions concerning international transfers of players based on domestic laws or regulations and against the rights of a (foreign or local) NF or against the FIVB Constitution or Regulations are not binding on the FIVB.

45.8.2 International participation

Whenever a local court gives a player the right to a local license based on national law and against FIVB Regulations, the FIVB organs (including Confederations) must not grant an international license and must prevent that player from taking part in any international competitions under their authority.

45.8.3 After notice from the FIVB, other affiliated NFs must not allow a team which has a player who has not complied with the FIVB Regulations to play in their territory.

45.8.4 Clubs or players seeking recourse to local civil courts to settle transfer disputes without FIVB’s prior agreement will be sanctioned. In addition to the sanctions provided in the FIVB Disciplinary Regulations, the club may be sanctioned for a major offence, including deprivation of the right to receive ITCs and to line-up foreign players in any competition.

45.9 FIVB REGISTER

The FIVB shall keep a complete electronic register of all international transfers.

45.10 CONTRACTUAL RELATIONS

45.10.1 Subject to the Receiving Club’s obligation to release players for National Team competitions (Articles 45.5.1 and 46.3.5) the Receiving Club may retain the player’s ITC until the end of the transfer period. If the player requests to transfer during this period the FIVB shall intervene to decide whether there is a valid contract binding the player with the Receiving Club until the end of the transfer period.
45.10.2 The FIVB may impose the sanctions provided in Article 45.11.3 on a player, a coach or a club who repeatedly fail to honour contracts or terminate them without just cause.

45.11 FINANCIAL DISPUTES BETWEEN CLUBS, PLAYERS, COACHES

45.11.1 Procedure before FIVB/Confederation

a) A club, a player or a coach may file a complaint before FIVB.

b) After receiving a written complaint ("Complaint") and providing the respondent with an opportunity to submit its reply in writing ("Reply"), the FIVB can decide a financial dispute of an international dimension between a club, a player or a coach. It can also decide financial disputes of an international dimension between a coach and a National Federation.

c) The Complaint and the Reply shall include a summary of facts as well as specific requests for relief. The complaining party shall have the burden of proving its allegations. The FIVB may request further submissions and translations into English from the parties.

d) The FIVB conducts the procedure expeditiously – and endeavours to complete it within 2 months from filing of the complaint – in accordance with guidelines to be established by the FIVB. The decision will be taken on a balance of probabilities and by applying general principles of justice and fairness without reference to any particular national or international law (ex aequo et bono). It shall state brief reasons.

e) The FIVB may, at any stage of the procedure, assist the parties in reaching a settlement or decide to submit the case directly to the FIVB Tribunal. It may refrain from entertaining the Complaint in case no ITC has been issued for a player’s transfer or in case of an illegal transfer.

f) The FIVB may set a final time limit for the parties’ compliance with its decision and also determine that non-compliance will result into the imposition of sanctions under Article 45.11.3 below. Said sanctions may apply automatically after the lapse of the time limit.

g) In case of disputes involving parties from the same Confederation, the FIVB may delegate its powers under this Article to the respective Confederation. The FIVB will then have the right to extend worldwide the sanction(s) imposed by Confederations.
45.11.2 FIVB Tribunal and CAS

a) Within fourteen (14) days from notification of the decision under Article 45.11.1 above, any affected party may request that the case be reviewed by the FIVB Tribunal.

b) The procedure before the FIVB Tribunal is set out in the FIVB Tribunal Regulations.

c) Decisions of the FIVB Tribunal can only be appealed to the Court of Arbitration for Sport (CAS), Lausanne, Switzerland and any such appeal must be lodged with CAS within twenty-one (21) days from the receipt of the decision. Decisions of the FIVB / Confederation under Article 45.11.1 above may not be appealed to the FIVB Appeals Panel.

45.11.3 If a NF, club, coach or player that was a party to proceedings before the FIVB/Confederation, the FIVB Tribunal or before the Court of Arbitration for Sport (CAS) fails to comply with the decision of said body, it commits an offence. The FIVB may impose the following sanctions on this party:

a) Warning;
b) Fine up to CHF 50,000;
c) Prohibition of receiving an ITC (for clubs) or prohibition to transfer internationally (for players);
d) Prohibition of registering and lining-up foreign players in any competition (for clubs);
e) Prohibition of participating in international competitions.

The above sanctions can be applied more than once.

46.4.2 The Confederations have exclusive authority and control of international tournaments organized by any affiliated NF between clubs or national teams of the same continent and must guarantee unrestricted participation for players and officials.

46.4.3 The primary duty of the organizers of an International Competition is to guarantee entry visas to all officials, players and delegates without any excuse. The FIVB Executive may declare null and void any competition

The following categories of referees are recognized by the FIVB:

a) National Referees;
b) International and Continental Referee Candidates;
c) International and Continental Referees; and
d) FIVB Referees.

47.2 NATIONAL REFEREES

47.2.1 National Referees are those authorized by the NFs to officiate in their highest-level national competitions and registered with the FIVB.

47.2.2 The NFs are the sole bodies in each country to identify and grant accreditation to the person who has been proved to have complete knowledge of the Official Volleyball Rules and their application during actual game situations.

47.2.3 The NF establishes its own procedures for nomination and then registers its National Referees with the FIVB Volleyball Events Department and the NF must send a copy of the registration to the Continental Confederation Referee Commission.

47.3 INTERNATIONAL REFEREE CANDIDATES

47.3.1 Candidates to the title of International Referee are National Referees, as stated in Article 47.2 above, who, after being registered with the FIVB during three of the past five years, have participated in and passed one International Refereeing Course authorized by the FIVB. They receive a certificate of International Referee Candidate from the FIVB.

47.3.3 If the Referee passes the international refereeing course, he/she will be recognized as International Referee Candidate.

47.3.4 The procedure for nomination is the following:
   a) at the end of the course, the course director awards the participants an Attestation of Participation. This attestation must be ratified by the Refereeing Commission at its following meeting; and
   b) after the ratification is granted, the FIVB Volleyball Events Department issues a certificate to each approved participant and remits these to the corresponding NF.
   c) scoresheets of matches officiated after passing the course could be considered for his/her eventual nomination as international referee unless the FIVB Refereeing Commission did not ratify him/her. For Beach Volleyball, events in the year the candidates have attended the course, cannot be used for his/her eventual nomination as international.

47.3.5 English shall be the working language of the International Referee Candidates.

47.3.6 Continental Referees: Referees having succeeded a Referee Candidate Course in any language other than English will be nominated as “Continental Referees” and will be authorized to officiate at Continental level only.

The procedure for a continental referee course must be exactly the same as for an International Referee Candidate course except that the working language for the course may be other than English.

Different FIVB Officials must be assessing a given candidate at the two tournaments where they are evaluated for their eventual nomination as international. These two assessments must be completed in different years.

47.4.2 The FIVB will award a personal International Referee’s Certificate and ID Card to those candidates proposed by the FIVB Refereeing Commission, after ensuring that they have fulfilled the requirements as to experience and quality, established by the FIVB Refereeing Commission, in accordance with the following:

47.4.3 The procedure for nomination is as follows:

a) the NF of the candidate must send a proposal to the continental Referee commission to verify the proposal and send a certified list of the proposed continental referees to the FIVB refereeing commission.

A copy of each scoresheet referring to the matches officiated by the candidate must be included in the report. The Beach Volleyball Referee Commissioner will then verify the report and its contents before submitting a proposal for their nomination to the IRC.

47.4.4 The International Referee’s title is valid for four (4) years.
47.4.5 During this period, the FIVB may request its NF to send to the FIVB Volleyball Events Department, no later than 30 November of each year, an official activity report sheet of the national and international matches at which the International Referee officiated.

47.4.6 On the basis of these yearly reports, the FIVB Refereeing Commission will decide whether or not to prolong his title as International Referee, when he reaches the fourth (4th) year of validity.

47.4.7 In the case of a lack of national or international activity of a referee, the Refereeing Commission can refuse to prolong the title and oblige him to participate in a further International Refereeing Course or a refresher (theory and practical) examination, conducted by an instructor of the Refereeing Commission. If he passes, his title will be renewed for a further four (4) years.

47.4.8 The age limit for an International Referee is fifty-five (55) years. Retired Referees will receive a diploma and medal for their contribution to Volleyball.

A.4 ADVERTISING GUIDELINES

The regulations relating to advertising on team uniforms can be found in Section I, Chapter 6 of these Regulations.

A.4.1 TEAM EQUIPMENT

When taking part in a competition, team members must not carry any advertising material on their team equipment unless previously approved by the FIVB. Please refer to the Specific Competition Regulations of the competition to determine whether advertising on team equipment is allowed (for the Olympic Games no advertising is allowed; all other FIVB requirements for uniforms are applicable).
If advertising is allowed there may be special considerations to be taken into account over and above the points below which will be defined in the Specific Competition Regulations.

A team may have up to two sponsors during a given event. Team members must not display any advertising logo other than the name(s) of the one/two sponsor(s) logo that has been registered by the National Federation and approved by the FIVB on all team equipment. A team must display the same advertising on all team equipment.

The size of the advertising must not exceed 300cm² in one block on the front of the jersey and 50cm² on each jersey sleeve. In the case of a sleeveless jersey the advertising can either be placed on the shoulder or on the collar but limited to the max size 50cm².

The team may decide to distribute the advertising space on its uniform to its two sponsors as follows (see also diagrams 1a&1b, 2a&2b, 3a&3b):

Option A: Major sponsor in the block on the front of the shirt and a minor sponsor in the two blocks on the sleeves. Only in the case of the Libero uniform the advertisements may be inverted so the team’s major sponsor logo 300cm² may be replaced with the team’s minor sponsor logo 50cm² and vice versa.

Option B: Major sponsor in the block on the front of the shirt and in one of the two blocks on the sleeves. Minor sponsor only in one of the two blocks on the sleeves.

For options A and B, the advertising block on the front of the jersey may be either below the number or above, in the latter case with the placement of a longer, thinner advertising.

Option C: Two sponsors with equal exposure, 150cm² each in the block on the front of the shirt (which must remain as one square block) and each of them a 50cm² block on the sleeves.

Apart from the advertising, the logo of the manufacturer of the homologated uniform must be displayed on the uniform jersey and shorts in accordance with specifications previously defined.

A.4.2 TEAM EQUIPMENT ACCESSORIES

Team equipment accessories include player sports bags, trainer’s bag, medical doctor’s bag, laptop computer and coach clipboard. Other accessories may be added to the definition of team equipment accessories by the FIVB in the future.

Team equipment accessories may display advertising only if and when the FIVB has delivered the Advertising Approval Certificate to the National Federation of the team. The authorization is given to the approved sponsor. The entire team must display the same advertising on team equipment accessories, however advertising is optional, i.e. advertising does not need to be displayed on all accessories defined above.

On team equipment accessories, any manufacturer’s logo cannot exceed 10% of the surface area and shall not be greater than 60cm² and any approved advertising cannot exceed 30% of the total surface area and shall not be greater than 180cm². (Please note that advertising on team equipment accessories is not allowed for Olympic Games competition).

Towels and water bottles are defined as organizer’s sports materials and do not come under the definition of team equipment accessories. Team or personal towels and water bottles displaying advertising will only be allowed in the competition/control area with prior approval of the FIVB.

A.4.3 TEAM OFFICIAL EQUIPMENT

Where the team has received an Advertising Approval Certificate, the team officials may also display advertising. The name or logo of the sponsor may appear on the back of the polo shirt and on the front or the back of the warming up suit. The size of the advertising must not exceed 300cm² and must be identical to the advertising on the player’s uniform jersey. On the polo shirt and the warming up suit, all
team officials must display the same manufacturer’s logo (as per specifications previously defined) and the advertising must be in the described area of the uniform.

**A.4.5 Procedure for Application of Team Advertising**

In order to register advertising for FIVB and World Competitions the National Federation must forward the appropriate application form for the specific competition available from the FIVB Volleyball Events Department. One sample of the uniform displaying the advertising must accompany the application form.

In order to register advertising for other FIVB Official Competitions, the National Federation must forward the appropriate application form for the specific competition to the respective Continental Confederation or responsible authority of the competition as per Section III of the FIVB Sports Regulations. One sample of the uniform displaying the advertising must accompany the application form.

A team may have several sponsors (in any given match the team must only display the advertising for one sponsor) and must receive an Advertising Approval Certificate for each sponsor. A separate application form and sample uniform is required for each sponsor.

If approved, an Advertising Approval Certificate and an invoice for the advertising fee as determined by the FIVB will be issued by the FIVB to the National Federation. ANNEX C
MATCH DESCRIPTION AND PRESS CONFERENCE GUIDELINES

C.1 As soon as possible after the match is over, the Press Writer must upload the Match Description to the FIVB website.

C.2 The Match Description must:

- have a simple news-style headline in the present tense.
- be 200-300 words in length.
- must have up to three short lead paragraphs explaining who won and lost and what happened overall during the match, following an English-language “inverse pyramid” style of journalism where the most important information is summarized at the beginning of the story.
- be spell-checked (English U.K.) before being uploaded.
- be written in U.K. style (eg: Brazil win, Tunisia are, Serbia down etc.)

C.3 Example from previous FIVB tournaments of how to write the beginning two to three paragraphs of a Match Description:

“Brazil crush Japan in straight sets

Tokyo, Japan, August 12, 2007 - World No. 2 Brazil extended their winning streak against sixth-ranked Japan to 19 games by beating the home team 3-0 in the FIVB World Grand Prix at Ariake Coliseum on Sunday.

Undefeated against Japan since November 2001, Brazil maintained their dominance with a performance of power and precision to win 25-15, 25-19, 25-13 in front of a 10,000 capacity crowd.

The victory improved Brazil’s win-loss record to 6-0 in the Grand Prix qualifying round while dropping Japan to 3-3 with three games remaining in which to book a place in the six-team final round in China from August 22-26.”

C.4 Important Match Description procedures to follow:

a) Headline format

Use a short and simple headline explaining who won, using a verb in the present tense, eg: Brazil crush ..., Guidara guides ..., Spain get off mark ...

b) Dateline format

Please note and follow the format for the dateline at the beginning of the Match Description: Tokyo, Japan, December 1, 2007 - (city, country, month-date, year, dash).

c) Essential information within the first three paragraphs

- The name of the team that won the match (this has to be made clear in the first paragraph) and in how many sets (eg: straight sets/3-0, four sets/3-1, five sets/3-2).
• The name of the team that lost the match.
• The complete final score (eg: 25-16, 25-19, 25-18).
• The day the match took place (eg; Saturday).
• The full title of the competition (eg: the FIVB World Grand Prix).
• The win-loss record (for the winners at least) as a result of the match (eg: The victory improved Brazil’s win-loss record to 6-0), if applicable.

d) Extra information needed

The Press Writer also should include as much of the following as possible, either following the opening paragraphs or in the opening paragraphs if considered newsworthy enough:

• Were there any great performances by any of the players? (Exceptional serving? Exceptional blocking? Clever setting, etc?)
• Best Scorer?
• Most Valuable Player?
• Name of the arena (e.g.: … at Ariake Coliseum)?
• When did the winning team start to take control?
• Why did the winning team start to take control?
• Did the winning team come from behind?
• Were they always in the lead?
• Were there a lot of fans?
• What was the atmosphere like?
• Which team do the winners play next?
• Which team do the losers play next?
• Teams’ world rankings?

e) Players’ names

In the Match Description, as a general rule players’ names should be written in full on first reference and then written with the family name from the second reference onwards.

When a player uses their popular name/shirt name and is sufficiently well known (eg: Brazilian players like Giba), then the popular name/shirt name can be used from first reference.

The other option is to include the full name on first reference with the popular name/shirt name in brackets and on second reference use the popular name/shirt name (eg: Egypt’s Hamdy Awad (Elsafi) scored 10 points. Elsafi played an excellent game.).
C.5 As soon as possible after the official Press Conference is over, the Press Writer must upload comments onto the FIVB website. The Press Writer should strictly observe the following format for the text when doing so:

**Example**

(SIMPLE NEWS-STYLE HEADLINE)

Setter Takeshita brought team together, says Japan coach

(COMMENTS: Divided by team, using full names of coaches and players, no quote marks are needed)

- Japan coach Shoichi Yanagimoto: “... [quote] ...

- Japan captain Yoshie Takeshita: “... [quote] ...

- Japan player Saori Kimura: “... [quote] ...

- Chinese Taipei coach Jeng Fang Fann: “... [quote] ...

- Chinese Taipei captain Kou Nai Han: “... [quote] ...

**Note:**

Before uploading to the FIVB website, all Match Descriptions and Press Conference Reports text must be spell-checked.)
